# WHITSON WONDER PRODUCTIONS

Event planning and design was something that Ebony Whitson always loved to do – but she never did it professionally until she was given an opportunity to assist in planning a wedding in 2015. Her passion has now turned into Whitson Wonder Productions, a full service event production company specializing in custom design and decor.

Ebony has received business training and financial coaching from WWBIC, which has put her in a better position to apply for a loan as part of her growth plan.

“As entrepreneurs, we know what we want to do and we have the skills and talents to do so, but that will only get you so far,” says Whitson. “We need the information, training and support of organizations like WWBIC in order to grow and succeed.”
