

BUCKET OF BREAD

Chris Wysong is a career Army veteran. For years, Chris made at-home baked products whenever there was a charity or event for fundraising, Chris would bake something special to add to the event.

One night, Chris had a dream about putting his delicious creations into a bucket to help people. Bucket of Bread now not only sells buckets of versatile baking mixes, but also brings donated buckets directly to the Hunger Task Force of La Crosse.

WWBIC has provided Chris training and assistance through the Veterans Business Outreach Center (VBOC) program. Through attending local events sponsored by WWBIC, Chris was able to connect to other business owners in the immediate area.

"I was able to take something of value back and implement into practice each time," says Wysong. "The staff at WWBIC and VBOC are there to help you achieve your business dreams... and, they want to see you succeed."
